CIS 441	Systems Development	3
CIS 499	Senior Capstone	3

* Students may have completed these courses with their AA or AS degree.

@ If student transfers in with CIS 211 & CIS 220 equivalent, take CIS 336 in Year 1.

Note: if students take both CIS 340 & 350, they do not need to take CIS 3xx CIS Elective.

Catalog Changes: May need to change the course catalog. Currently states students can only take CIS 220 after CIS 211 or as a co-requisite. We may need to amend to with instructor's permission. Also, currently students cannot take CIS 250 until they complete CIS 211. We may need to amend this as a co-requisite so students can take both simultaneously.
