Accessing & Sharing Your Badge

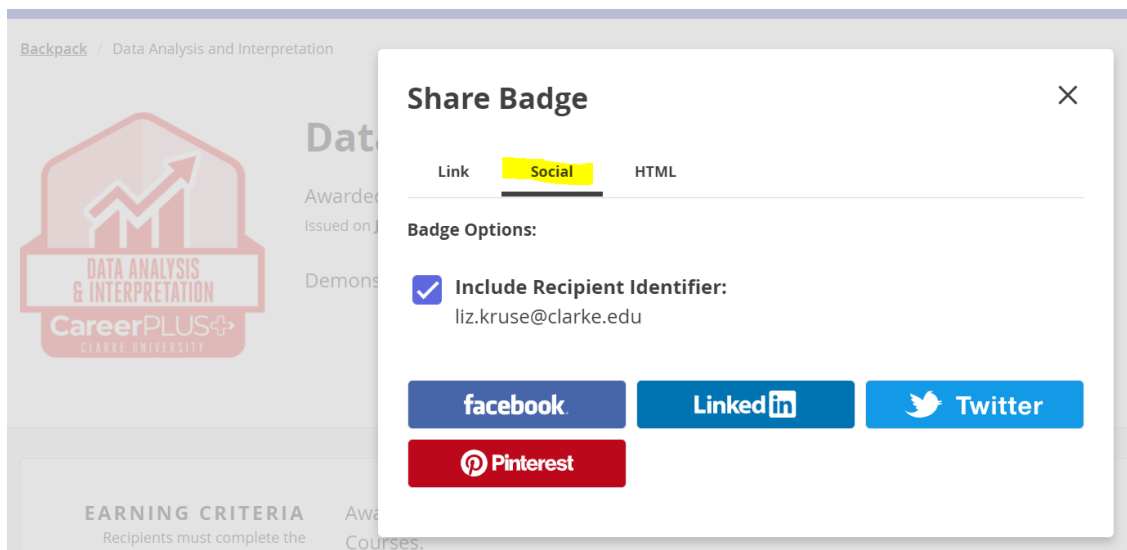

If you would like to share your Clarke University CareerPLUS badge on social media or on your résumé, please follow the instructions below to access your badge on Badgr. You will be able to access your badge on Badgr at any time throughout your life and share it on social media or other external sites. Your Badgr Backpack will allow you to store all of your digital credentials (even from other issuers) all in one place.

Step #1: Create a Badgr Account

- Go to www.badgr.com.
- Click “Create Account.”
- Select Region. Click “Save and Continue”
- Enter the email address that you used to register for your CareerPLUS micro course.
- Follow the prompts to create your account.
- Enter the verification code you received in your email. Click “Continue.”

Step #2: Share Your Badge

To share your badge on social media, resume, or other site external to Badgr, go to your Badgr account and click on your badge. Click “Share.” You can either share your badge as a link, or you can click on the “Social” tab to share your badge to social media.
