

THE BOOKSTORE CHARGE PROGRAM

**Mark the dates
for Spring 21 BCP:
Jan 4-28, 2021**

WHAT IS THE BOOKSTORE CHARGE PROGRAM (BCP)?

BCP offers students a quick and easy way to buy textbooks early and pay later. It's like a credit card, but without any interest. Each student is given a \$500 line of credit, which can be used to pay for textbooks at the Online Bookstore. This line of credit is then billed to their student account and students pay by the end of the term. Please note, these funds are not applicable for items at the Whitlow Campus Store.

HOW DOES IT WORK?

Several weeks before the start of the term, the line of credit will be live in each student's bookstore account. When checking out, students click the "pay with voucher" button. Students must reimburse Clarke's Student Accounts Office by the end of the term.
